

JEFFERSON- EAST FALLS STUDY AWAY PROGRAM

COURSE EQUIVALENCIES, COSTA RICA EXPERIENCE for Health Sciences with CEA and Veritas University

It should not be assumed that all of these courses will be offered during your semester abroad! As part of the program requirements, you will be registered for the required Health Sciences courses and a regular term Medical Spanish course. Other courses are not necessarily offered each term and/or may conflict. It is recommended to select at least two alternatives. This form is simply a list of courses that other students took at this institution in the past, and the Jefferson University equivalents.

For up-to-date available courses go to

<https://www.ceastudyabroad.com/program/course-listing/medical-spanish-and-health-sciences-162/fall-2020-fall-semester-9406>

Additional courses you find can be considered for approval. **Relevant East Falls academic director must approve CEA course description and syllabi to confirm approvals for new courses.**
